

<b>_____’s Geometry Evaluation</b>			
<b><i>I can...</i></b>	<b>Not yet demonstrating</b>	<b>Developing</b>	<b>Got it!</b>
Identify lines			
Identify segments			
Notate lines			
Notate segments			
Identify and notate parallel and perpendicular lines			
Identify and notate angles			
Use math to correctly give missing angle measurements in triangles			
Identify polyhedrons			
Construct and label a quadrilateral			
Measure angles using a protractor			
Use mathematics to check angle measurements			
Identify lines of symmetry for shapes			
Identify regular polygons			
Identify and analyze attributes of regular polygons			
<b><i>Notes:</i></b>
